Thought for the Week

Oscar Wilde wrote: "In this world there are only 2 tragedies. One is not getting what one wants, & the other is getting it." To rephrase his thought, I suggest there are likewise only 2 joys. One is having God answer all your prayers; the other is not receiving the answer to all your prayers. I believe this because I have found that God knows my needs infinitely better than I know them. And He is utterly dependable, no matter which direction our circumstances take us.
